Trinity Lutheran Church needs your support!

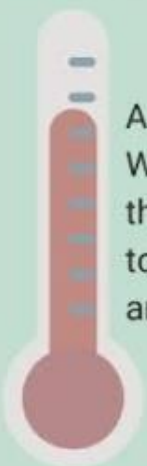

Trinity Church is looking to integrate technological updates as we greatly value the ways we produce music, communicate with members, and interact at worship each week. Music in an important and special way everyone can honor and praise our GOD!

Psalms 95:1 reads, "Come, let us sing for joy to the LORD; let us shout aloud to the Rock of our salvation."

Currently, we lack capabilities to include quality audio and visual experiences for our parishoners and visitors. Problems continue to arise with the ways to get microphones, instruments and wireless pieces work together and it is taking an extensive amount of time and energy for it to happen. Our technology and methods of utilization are ready for an upgrade!

In addition, our worship space is ready to include video capabilities. Benefits of this addition could include the ability to follow along with song lyrics, displaying worship order, showing videos, pictures of congregants, and announcements via this video system. It could be used weekly for our youth programming as our current methods are outdated. It's time we look ahead to greater ways we can serve all who come to worship and enjoy our faith community here at Trinity Lutheran!

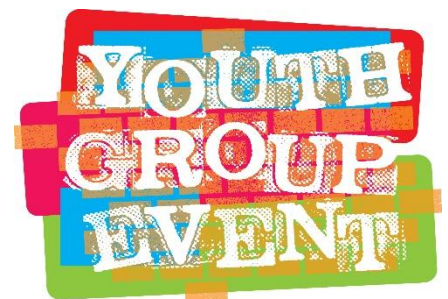

A "giving thermometer" is placed in our narthex sharing the funds we've recieved so far. We are very appreciative of those who have already given to this mission! To be a part of this appeal, please mark your donation with, "sound / video system." Your contribution to this upgrade will provide enhanced worship, quality audio and visual opportunities, and a wide variety of use for all generations at Trinity Lutheran Church!

Contact the church, a council member or inquire with our Contemporary Worship Team members to get more information.

Our youth will be on their mission trip from June 24-28, 2024.
